

At Pearce Homes we believe it is important to be a considerate constructor and it is important to keep our neighbours informed. This newsletter seeks to update you on progress as well as any other items of local interest related to our development.

PROGRESS

It is reported that progress on site is going well and we are currently on programme. The HBCPT have released three further plots for construction and these have been commenced.

We have also been instructed and have started works on Phase 2 of the overall development. This comprises the new community building and upgrading the road from the site through to the village. These works are programmed to be complete by June 2012.

NOTICE OF POSSIBLE DISRUPTION

We have now commenced work to complete North Road and anticipate that this will be ongoing for a couple of weeks. Please be aware that there may be some unavoidable delays for traffic.

WE APOLOGISE

We are currently breaking up the existing farmyard and crushing the concrete for use on site—you may have noticed increased noise. We apologise for any inconvenience caused and thank you for your patience in this matter.

Our Site Agent at Little Bickington Farm, Paul Cooper, along with his son Ben 'floated gracefully' to terra firma during a charity skydive recently in aid of Force Cancer Centre, Exeter and raised in excess of £1000 between them. This was Paul's 3rd 'jump' and says it was the best yet!

Site Safety—a gentle reminder

Your health and safety is of paramount importance to us, so please make sure you and your family are aware of health and safety issues whilst the new build project is in your area. Please keep children away from all works areas, including scaffolding, tools, materials and rubbish.
